

WCFS 2026

SINGAPORE

The 6th World Conference on Floating Solutions

October 19 – 21, 2026 • Singapore EXPO

www.wcfs2026.com

Floating solutions are rapidly moving from concept to reality, transforming the way we approach energy, food and climate resilience in our oceans and inland waters. From renewable energy and offshore energy to aquaculture, floating cities and coastal protection, these technologies are unlocking new possibilities for sustainable and resilient development. With these innovations shaping the future of our oceans and inland waters, there is a growing need for a dedicated platform where experts, policymakers and industry leaders can exchange knowledge, collaborate and explore emerging opportunities. The World Conference on Floating Solutions (WCFS) 2026, hosted by TCOMS and the Society of Floating Solutions Singapore (SFSS) at Singapore EXPO, provides such a platform.

The theme of WCFS 2026, **“Marine Infrastructure for Energy, Food, Climate Resilience and Ocean Space Utilisation”**, reflects the growing importance of integrated, sustainable solutions in the marine environment.

The conference brings together professionals from academia, industry, class societies and regulatory agencies to foster high-level dialogue and collaboration, advance innovation and help shape the next generation of floating infrastructure.

Message by Professor Choo Yoo Sang

WCFS 2026 Conference Chair

It is with great enthusiasm that I invite you to join us in Singapore for what promises to be an inspiring and impactful conference. The WCFS 2026 brings together leading experts, innovators and industry practitioners from around the globe to share insights and latest advances in floating solutions – a field that is rapidly shaping the future of sustainable infrastructure. Your engagement will contribute to vibrant discussions and knowledge sharing, enabling advancements that lead to practical and scalable solutions with global impact. Together, let’s shape the future of floating solutions!

CONFERENCE FACT SHEET

ABOUT WCFS:

WCFS is an annual flagship conference, which gathers hundreds of participants from academia, industry, public agencies, and regulators from all around the world to engage in meaningful theoretical and practical exchanges.

Founded and owned by the "Society of Floating Solutions, Singapore (SFSS)", the WCFS is built on a strong foundation provided by its interdisciplinary International Scientific Committee (ISC). The first edition of WCFS was held in Singapore in 2019, the second in Rotterdam in 2020, the third in Tokyo (2023), the fourth in Hong Kong (2024), and the fifth in Finland (2025).

BUSINESS TRACK:

In addition to the academic presentations, the conference features sessions that connect technical innovation with business strategy, helping participants explore commercialization, industry trends and partnerships.

BEST STUDENT PAPER AWARD:

Dedicated to supporting young researchers, this award recognizes the highest quality paper with a student as the primary author.

TECHNICAL TOPICS:

Ocean Renewable Energy

Floating offshore wind, floating PV farms, marine renewable energy, floating hydrogen/ammonia production

Ocean Space Utilisation

Floating city, floating airport/maritime/offshore hub, floating desalination and offshore freshwater, floating nuclear power station

Aquaculture

Climate Adaptation and Coastal Resilience

Construction Materials, Manufacturing & Industrialisation Technology

Marine Installation, Operations & Management

Blue Economy and Multi-Use Oceans

Marine spatial planning, marine environment, biodiversity, community, and sustainability

Investment, Finance, Policy & Risk

Strategic Economics, Regulatory Policy, and Risk Management for Floating Solutions

SPECIAL SYMPOSIUMS & SESSIONS:

Offshore wind

Marine Renewable Energy

Marine and Offshore Operations

Floating Solar Farm

SOCIAL EVENTS:

Banquet, Lunches, Coffee & Tea Breaks

IMPORTANT DATES

Abstract submission

19 January 2026 – 30 April 2026

Notification of abstract acceptance

19 February 2026 – 31 May 2026

Full paper/Extended abstract submission

1 June 2026 – 31 July 2026

Early-bird registration

10 March 2026 – 30 June 2026

Standard registration

Starting from 1 July 2026

Conference begins

19 October 2026

For more information and updates on WCFS2026, please visit www.wcfs2026.com or contact us at info@wcfs2026.com

REGISTRATION FEES

Inclusive of access to three days of conference sessions, lunch, coffee and tea breaks, and conference banquet. The technical tour is complimentary and available on a first-come, first-served basis upon registration.

Early-Bird Registration

SGD 1,200

Standard Registration

SGD 1,350

Members of SFSS

SGD 1,100

Students

SGD 950

DAY PASSES FOR TECHNICAL SESSIONS

Inclusive of access to ONE day of technical sessions, lunch, coffee and tea breaks.

Early-Bird Registration

SGD 350

Standard Registration

SGD 400

Members of SFSS

SGD 330

Students

SGD 300
